

VOYAGER STRATEGIES MENTOR SPECIFICATION

Overview

Voyager Strategies Pty Ltd (www.voyagerstrategies.com.au) provides online supported management development programs for SMEs. Our targets lie in both the \$0.5-2.0m pa market and the \$2-20m pa market.

Our primary focus is on regional and ACT companies. The former are commonly underserved but many have considerable potential to grow and create new jobs.

Our methodology is embedded in a set of online tools resident in the Axxos Learning Management System (LMS) (<http://lms.axxos.com.au>). These tools are based on team experience in working with some hundreds of growth SMEs as consultants, mentors and teachers.

We are now about to roll out a new regional program, Six-Steps, focusing on the \$0.5-2.0m pa SME sector. The Six-Steps program is described in the Voyager website. We are seeking to recruit mentors who can assist us deliver this program online using our Moodle LMS and through 1:1 online mentoring.
